

## GREEN ENVIRONMENT STATEMENT

At C&R INTERIORS PTE LTO,

- We built our products to have its well-known ergonomic design & its functional qualities; at the same time, we also aim to promote degradability, reusability and recycling ability of our products;
- We aim to minimize the environmental impact of our products by using safe, environmentally-sound manufacturing practice and use safe & responsible practice in production cycle & recycle all the raw material i.e. plastic, steel, aluminum and foam/ textile;
- We select materials that can be recycled at the end of the product lifecycle & all designs are to serve propose of easy disassemble & can be separated easily. In order to simplify recycling process, we minimize co-mingled components, consider the number and type of fasteners and are committed to make the disassemble process as easy as possible with common hand tools. We will also eliminate all adhesives if possible.
